The Education Station

HOMESCHOOL HOTLINE
1-800-LA STUDY

Homework Hotline! A "LIVE" television show just for you!
Monday through Thursday, 5:30 - 6:00 PM

Call 1-800-LA-STUDY

Decimals? Fractions? Science project?

What if students need a hand with their homework and there's no one around to assist?

Homework Hotline is the show designed to help them! On Monday through Thursday grab your books and tune into KLCS-TV at 5:30 PM! You'll be greeted by the LAUSD's best instructors teaching a standards-based lesson that matches what students are learning in their classrooms. They might write a poem, dissect a bug, or bake cookies with solar power. Or they might even learn what they need to know to improve their test scores in English, science, and mathematics.

Call 1-800-LA-STUDY

Why? Because a team of Homework Hotline tutors are standing by to answer questions and the phone call is free. All kids have to do is call and a tutor will help them with their math problems, history questions, essays, or science projects.

It's just like having your own private teacher!

KLCS-TV/DT is broadcast over-the-air on Channel 58 and on Digital Channel 41.

It is also carried by DirectTV, Dish Network, and most cable companies.

Consult your local listings to find KLCS in your local area.
